Office on Broad St., near the Post Office.

TERMS: (One copy 1 year) \$2.00
(One copy 3 months) 1.00
Subscriptions payable in advance.

SATURDAY, JAN. 23, 1922.

The Death of Mr. Darwin.

Probably no one man has ever done so much for the material prosperity of the township of Bloomfield, as Mr. A. G. Darwin. No one man has ever so distinctly changed the face of its landscape. To his indomitable energy, extensive influence and executive ability, is largely due the development of that section of the township known as Glen Ridge, from a farm to a most attractive suburb. To one who remembers the fields, orchards and woodlands near Ridge-wood avenue a few years ago, the streets, lawns and handsome residences now covering the same site appear almost like the result of enchantment. While others have rendered material assistance, this delightful change would not have taken place, at least not now, without its chief promoter, Mr. Darwin.

He had many friends and admirers who valued him for his own sake: he had likewise an extensive business acquaintance. His loss will be felt in many circles, but by Bloomfielders at large he will long be remembered, principally as the presiding genius of the beautiful suburb on the south-west.

No Action by the Township Committee on the Water Question.

Knowing that the lot of the most faithful of the servants of the Dear Public, is as a rule, not a happy one; and realizing how much easier it is to criticize than to do, it is with some reluctance that we again call attention to the water question manifested by the Township Committee. There can be no other matter now before them of greater importance. Special meetings have been called at the request of different members, to take action upon matters of much smaller consequence, during the past year. If the regular meetings are so crowded with other business, the township would, willingly bear the expense (\$14.00) of an extra meeting, to be held at the present Township Committee shall use all reasonable endeavors to accomplish something and fail, it will be blameless. But if it allows the township to drift into difficulty, those members who have any conscience, will doubtless experience several evil quarters of an hour.

Lighting the Township.

The Gas Committee have advertised for bids for lighting the township and several bids have been received. The Montclair Gas and Water Company will furnish five hundred and fifty lights, as heretofore from early candle light to twelve o'clock midnight, every night for the sum of fourteen dollars and thirty-five cents per lamp per annum, and do the cleaning and lighting. The Wheeler Reflector and Light Company Limited, offer to furnish five hundred and fifty "Wheeler Reflector" lights from early candle light until twelve o'clock midnight every night, for thirteen dollars and fifty cents per light per year.

The same Company will furnish five hundred and fifty "self generating" gas burners (naphtha system) for fifteen dollars per light per year, and offer to give the Committee a practical exhibition of their system of street lighting in advance. One Electric Light Company wishes to make a five year contract to furnish sixteen candle power incandescent lights from early candle light to twelve o'clock midnight, for the sum of fourteen dollars and fifty cents per light per year—twenty-five candle power lights, eighteen dollars and fifty cents per year. "It to have the right of way and permits for running the necessary lines, without expense to it, and it is to furnish all poles, wires, arms, lamps, fixtures, renewals, attendance and repairs without further expense to the township of Bloomfield beyond the yearly rental per light." The Essex County Electric Company under substantially the same conditions (five year contract &c.) offer to furnish twenty candle power lamps at sixteen dollars per lamp per year.

While the bid of the Montclair Gas and Water Company appears higher than it ought to be, and while it looks like very short-sighted policy on the part of that Company to drive the hardest possible bargain with the township, nevertheless with so many matters demanding attention with regard to street lighting, water contracts, road improvements, sewer and the like, it would seem to be good

policy to make another year's contract with the Montclair Gas and Water Company.

In many instances the service of the Gas Company is not satisfactory. Burners are allowed to become choked with dust, and from time to time the quality of the gas is very poor. There is no doubt that, with the improved methods of the present day a new company could be formed which would be able to make a hand some profit, and still furnish gas far below the price made by the Montclair Gas and Water Company. A statement, often and widely made, that the Gas Company is obliged to pay dividends on a large quantity of water. There may be some truth in it, and the present management may be between the devil and the deep sea and not be able to pursue any more satisfactory course. But not withstanding all these drawbacks, the gas service is about as satisfactory in Bloomfield as it is in most other places and the price is not outrageously high. Therefore, until something decidedly better, than is exhibited in the bids above set forth, comes to light, the most sensible thing to do is to renew the contract with the Montclair Gas and Water Company.

At any rate the Township Committee should not allow the execution of a street lighting contract to go over until the next township year. To continue to receive gas from the Montclair Gas and Water Company after its contract has expired, is simply to open the door for possible misunderstanding, which may result in the end in a far greater expenditure of money, than a certain number of cents per lamp per year would amount to.

What the Birds of the Air Say:

(THE CITIZEN is not responsible for the image.)

There is larger amount of pew rent was collected in the Old Church last year than in any previous year since its organization.

That preparations for the centennial celebration in the Old Church have been begun by the appointment of a committee consisting of the pastor, Dr. Ballantine, Mr. William A. Baldwin and H. H. Biddulph to represent the session; the President and Secretary of the Board of Trustees to represent the Board of Trustees, and Judge Dodd and Mr. Halsey M. Barrett to represent the church society. With the material at hand and such a committee to gather and arrange it, the hundredth anniversary of the Old Church will be celebrated in a manner worthy of the occasion.

That the Board of Trustees of the Old Church have voted to allow the use of the Church building by the Madrigal Society for its concerts. This is as it should be. Rules are well enough but there may be too much of even a good thing.

That the predicament which the Bloomfield Madrigal Society finds itself in, of having no suitable place in town for its concert, enforces attention to the great desirability of a public hall.

That the trustees of the different churches should not be compelled to wrestle continually with the question of fitness or unfitness of uses to which they are asked to put church buildings. There should be a suitable public building provided for secular purposes.

That the catman who will go down in Bloomfield history as the original of his species in this town has found so much business as to be obliged to buy another horse and a coupe. It is to be hoped that he will die rich and have a monument erected to his memory. To think that Bloomfield should have come near celebrating the hundredth anniversary of its first church before the appearance of its first cat service.

That much curiosity is manifested as to the appearance of the birds who sing in the ear of the Editor of THE CITIZEN. One friend suggests that they be photographed—the whole flock, and the photographs distributed among the subscribers. This suggestion cannot be acted upon for fear of causing a corner in the salt market. Why, the mere hearing of their notes commented upon has scared off several promising birds, to the great grief of THE CITIZEN and the loss of its subscribers.

That some of the clergymen had their walks shovelled after a recent snow. This may be considered good evidence that practical Christianity exists at least in spots.

That Mr. Thomas Oakes has been attending the meetings of the United States Grand Jury at Trenton.

That Mr. William C. Carl returned from Paris on Friday last, after an absence of nearly two years. While abroad, Mr. Carl studied under M. Alexandre, organist of La Trinite. He also took a course with M. Henri Falcke on the piano. M. Falcke was a pupil of Liszt. During his absence Mr. Carl has played in various places, Ireland, Scotland, England and France, including London and Paris. He returns with the manuscripts of two new compositions written for him by M. M. Guilmant and Salome, and

a new song written by himself entitled Spring Voices.

That Mr. Carl's concert in Bloomfield is looked forward to with a good deal of interest.

That the Directors of THE CITIZEN met at Judge Dodd's on Tuesday evening. A bird sat out on the branch of an elm tree till a late hour and followed some of the Directors homeward in hopes he might hear some news. But neither then nor since have any remarks been overheard concerning either the dinner or the meeting. But THE CITIZEN dinners must be good and the meetings interesting, for ten out of the twelve directors responded to the invitation.

That a man from out of town, but well acquainted with Bloomfield people, says that there were a great many of them attending the Actors Fund Matinee this week.

That Judge Dodd entertained the Board of Directors of the Bloomfield Publishing Company on Tuesday evening. The following named gentlemen were present: Mr. Thomas Oakes, Mr. James Beach, Mr. G. Lee Stout, Dr. Harry E. Richards, Mr. Halsey M. Barrett, Mr. William Richards, Mr. Leonard Richards, Mr. Edward P. Mitchell, Mr. Joseph D. Gallagher.

That the entertainments in progress at the Glen Ridge Club have been suspended on account of the death of Ex-President Darwin.

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Life Pills, Becken's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee every time, and we stand ready to refund the purchase price, if satisfactory results are not followed their use. These remedies have won their great popularity purely on their merit. E. M. Wood, Druggist.

Martin J. Callahan,

Faded, jaded, tired, overworked women—weak, nervous, delicate and suffering ones. These are the women who are helped to health and strength by Dr. Parson's Favorite Prescription. It's a legitimate medicine, that corrects and cures: a tonic that invigorates and builds up; a service that soothes and strengthens. And if it doesn't do what the makers claim for it, they don't want your money.

For all the functional derangements, painful disorders, and chronic weaknesses that afflict womanhood, the "Prescription" is a safe and certain remedy—a guaranteed one. In "female complaints" of every nature, periodic pains, internal inflammation and irritation, leucorrhoea, and all kindred ailments—if it fails to benefit or cure, you have your money back.

No other medicine for women is sold on such trying terms. If any could be, you may be sure that it would be. Is something else which pays the dealer better, likely to be "just as good"?

SPECIAL SALE
WATERS
PIANOS.

Music Free Each Month in 1892.

During the year 1892, the Crescent Drug Company will each month donate to its customers, free of charge, a new musical song composition, as follows:

On January 30th—THE HURDY-GURDY MAN; a topical song as applied to the piano-singers now being used on the streets.

On February 28th—THE MERRY GO ROUND; a topical song eulogizing the Carousal in Central Park, New York City. This song is already very popular.

On March 28th—THE OLD SPINNING WHEEL; a topical ballad with quartette chorus. This song is of the same class as "The Old Oaken Bucket" and the "Old Arm Chair," and will certainly be appreciated.

On April 28th—A very melodious and harmonious composition, set to the hymn JESUS LOVER OF MY SOUL. This song is arranged for baritone solo part, and little parts, together with piano accompaniment. A refrain for mixed voices, with the words "The Lord is my strength," will be sung on Easter Sunday, April 8th.

On May 28th—DANNY DOLLY VARDEN, a song of the serio-comic class, will recognize, is now being sung on the stage, and is very popular. The chorus goes as follows:

Annie Rooney's English, Annie Laurie's Scotch, Maggie Murphy's Irish, and Margaret, she is Dutch, But my best girl's American, with just enough high tone, For she's Dainty Dolly Varden, and she's all my own."

On June 28th—JACK AND JILL; a semi-nautical Ballad, with a spirited chorus.

On July 28th—GRETCHEN; a melodious song of high class.

On August 28th—JUST FORTY YEARS AGO; a ballad of the old English type.

On September 28th—THE OLD DARKEY'S LAMENT; a very tuneful song of the "Old Black Joe" class, and includes a lively dance.

On October 28th—THE LITTLE HEBREW MAIDEN; a topical song as applied to the methods of the Society for the Prevention of Cruelty to Children. This song of the "Mulligan Guard" class, and includes a rattling march.

The foregoing listed songs are original. The stanzas are by Nick Bachelor, and the music composed by C. I. Bolles. Special arrangements with the publisher, Drug Company, the sole right to donate these songs in the State of New Jersey, will positively give away (rain or shine) on dates mentioned, to each customer in our store purchasing goods to the value of five cents or more.

On December 31st, to every customer in our store who purchases goods to the value of 25 cents, we shall present (free of charge) a bound volume containing the folio of Song Music, and will contain in addition to the eleven songs mentioned, six other songs, donated by us to customers in the past, viz:

Daisy Duffy's Dog, Sweetheart
